About Me

I'm **Deergh Hadiyal**, a video editing specialist who transforms raw footage into viral-worthy content that keeps audiences glued to their screens. With **2+ years of professional experience**, I've edited **20+ videos** that have accumulated **millions of views**. I don't just cut clips—I craft **strategic visual experiences** designed to maximize engagement, boost retention rates, and tell compelling brand stories. My approach combines technical mastery with deep understanding of audience psychology to deliver results that matter.

The Problem I Solve

Raw footage sitting on your hard drive. Good content that should go viral but falls flat. Viewers dropping off within the first 10 seconds. High production costs with minimal engagement ROI. These are the challenges I solve every single day. I bridge the gap between content creation and content that converts—making sure your message reaches the right audience and resonates with them.

What I Deliver

- ✓ **Long-Form YouTube Videos** – Structured narratives with psychological pacing designed to keep viewers watching until the end
- ✓ **Short-Form Viral Content** – TikTok, Instagram Reels, YouTube Shorts optimized for platform algorithms and maximum shareability
- ✓ **Corporate & Commercial Videos** – Professional brand storytelling for startups, established businesses, and lifestyle creators
- ✓ **Thumbnail Design & Creative Direction** – Eye-catching visuals that drive clicks and set viewer expectations
- ✓ **Motion Graphics & Visual Effects** – Professional After Effects work that adds polish and production value to any project
- ✓ **Color Grading & Audio Design** – Cinematic quality that transforms amateur footage into broadcast-ready content

My Expertise

Software Mastery: Adobe Premiere Pro | DaVinci Resolve | After Effects | CapCut PC

Specialized Skills: Audience retention optimization • Retention metric analysis • Color grading & correction • Sound design & audio mixing • Motion graphics & keyframing • Platform-specific editing strategies • Thumbnail design • Visual storytelling • Client communication & project management

Why Clients Choose Me

- **Data-Driven Strategy:** I don't guess. Every cut, transition, and effect is based on viewer behavior analysis and retention metrics
- **Results That Matter:** My editing style consistently improves average view duration and increases engagement rates
- **Fast & Reliable:** Quick turnaround without sacrificing quality—I deliver on time, every time
- **True Partnership:** I collaborate closely with clients, offering revisions and flexibility to bring your vision to life
- **Diverse Track Record:** Successfully worked with tech startups, lifestyle brands, content creators, and corporate clients
- **Continuous Learning:** I stay updated on platform algorithms, editing trends, and viewer behavior patterns

Proven Results

- ✓ Edited 20+ professional videos generating millions of combined views across YouTube, Instagram, TikTok, and LinkedIn
- ✓ Consistently achieved above-average audience retention rates through strategic editing and psychological pacing
- ✓ Maintained 100% client satisfaction with on-time delivery and professional communication
- ✓ Built signature editing style recognized for balancing technical excellence with audience engagement
- ✓ Helped brands and creators establish strong visual identities through consistent, high-quality editing
